SANTA ROSA
POST ACUTE

SANTA ROSA POST ACUTE

At Santa Rosa Post Acute we strive to make your stay as comfortable as possible regardless of whether you or a loved one is staying with us because of surgery, injury, or serious illness. We have a team of rehab focused professionals who are constantly striving to enrich the lives of the people who stay at Santa Rosa Post Acute. We are dedicated to using evidence based practices and with a dedication to continuous quality improvement. This methodology maximizes outcomes and increases treatment options for all our patients so they can achieve a better quality of life.

PATIENT CENTERED NURSING CARE

Our experienced therapists and nursing staff will work closely with you and your primary physician to develop a recovery plan that addresses your specific needs.

By combining the 24-hour skilled nursing services with our innovative physical, occupational, and speech therapy programs, you will benefit from a well-rounded recovery program.

NURSING SERVICES

- Diabetic Management and Education
- Enteral Feeding Program
- IV Administration
- Medication Management and Education
- Bowel and Bladder Programs
- Catheter and Colostomy Care
- COPD and CHF Care
